

Assessment Impact by Assessment Methods
 Seward County Community College/Area Tech School
 Program - Respiratory Therapy

Direct

Program - Respiratory Therapy

NBRC Secured RRT Written Self-Assessment Exam
NBRC Entry Level CRT Exam

Outcome: Critical Thinking - The student will demonstrate the ability to comprehend, evaluate clinical information, and administer therapy relevant to their role as a respiratory care practitioner.

Benchmark: 100% pass NBRC Secured RRT Written Self-Assessment Exam at NBRC 55% threshold.
 80% attempting, pass NBRC Entry Level CRT Exam

Schedule: Start Date: 8/17/2010
 End Date: 5/13/2011

Results			
Result	Action	Follow-Up	Action Status
05/28/2014 - 100% (9 of 9) students passed the NBRC Secured RRT Written Self-Assessment Exam 100% (9 of 9) 2013 graduates attempting the NBRC Entry Level CRT Exam received a passing score on the exam. Result Type: Benchmark Met			No Action Required
05/22/2013 - 100% (10 of 10) students passed the NBRC Secured RRT Written Self-Assessment exam. 89% (8 of 9) students attempting the NBRC Entry Level CRT Exam received a passing score on the exam. Result Type: Benchmark Met			Action Complete
05/17/2012 - 100% of students (11 of 11) passed the NBRC Secured RRT Written Self-Assessment Exam at the NBRC threshold of 55%. Result Type: Benchmark Met			Action Complete

Employer survey
Graduate survey

Outcome: Professional behavior - The student will articulate personal behavior that is consistent with professional standards and employer expectations for an advanced respiratory care practitioner.

Benchmark: 95% of employers surveyed have satisfactory response (3.0 on a 5 point Likert scale)
 95% of graduates surveyed have satisfactory response (3.0 on a 5 point Likert scale)

Schedule: Start Date: 8/17/2010
 End Date: 5/13/2011

Results			
Result	Action	Follow-Up	Action Status
05/28/2014 - 100% (9 of 9) of employers surveyed had a response greater than 3 on a 5 point Likert scale. 1005 (9 of 9) 2013 graduates had a response greater than 3 on a 5 point Likert scale. Result Type: Benchmark Met			No Action Required
08/07/2013 - 100% of graduates (8 of 8) surveyed has a response greater than 3 on a 5 point Likert scale. 100% of employers (6 of 6) surveyed had a response greater than 3.0 on a 5 point Likert scale. Result Type: Benchmark Met			Action Complete
05/17/2012 - 100% of employers surveyed had a response greater than 3.0 on a 5 point Likert scale. 100% of graduates surveyed had a response greater than 3 on a 5 point Likert scale. Result Type: Benchmark Met			No Action Required
05/23/2011 - 6 of 8 students responded to the surveys. 2 of the 8 are not working in respiratory therapy. 100% of the 2010 graduates and employers surveyed met the benchmark. Result Type: Benchmark Met			Action Plan in Progress

Laboratory Competency check off
Clinical Competency check off

Outcome: Technical proficiency - The student will demonstrate technical proficiency in all skills necessary to perform as an advanced respiratory care practitioner.

Benchmark: 95% of all laboratory competency check offs successfully completed
95% of all assigned clinical competency check offs successfully completed

Schedule: Start Date:8/17/2010
End Date: 5/13/2011

Results			
Result	Action	Follow-Up	Action Status
05/28/2014 - 100% (9 of 9) of 2013 graduates successfully completed 95% or greater of assigned clinical competency check-offs. 100% (9 of 9) of 2013 graduates successfully completed 95% or greater of assigned laboratory competency check-offs successfully. Result Type: Benchmark Met			No Action Required
05/22/2013 - 100% (10 of 10) of students successfully completed 95% or greater of assigned clinical competency check-offs. 100% (10 of 10) of the 2012 graduates completed 95% or greater clinical competency check offs successfully. Result Type: Benchmark Met			Action Complete

Results			
Result	Action	Follow-Up	Action Status
05/17/2012 - 100%(11 of 11) of students successfully completed 95% or greater of assigned clinical competency check offs. Result Type: Benchmark Met			No Action Required
05/23/2011 - 100% of the eight 2010 graduates completed 95% or greater clinical competency checkoffs successfully Result Type: Benchmark Met			Action Complete

Indirect

Program - Respiratory Therapy

Student survey to determine degree of improvement and understanding of critical thinking skills on a 5 point Likert scale

Outcome: Critical Thinking - The student will demonstrate the ability to comprehend, evaluate clinical information, and administer therapy relevant to their role as a respiratory care practitioner.

Benchmark: 85% of students surveyed had a response of 3 or greater on a 5 point Likert scale

Schedule: April/May Annually
