SEWARD COUNTY COMMUNITY COLLEGE

SEWARD COUNTY COMMUNITY COLLEGE presents...

Kids' College 2022

Welcome to Kids' College

Welcome to a world of imagination at Seward County Community College! We offer one week of quality enrichment opportunities, as well as academically stimulating courses at Kids' College. Kids' College runs from July 18 – 21, with 3 sessions: 8:00am - 9:15am, 9:30am - 10:45am, and 11:00am - 12:15pm.

Kids' College is for students entering 1st through 8th grade. Check out all the new classes we have to offer. We know you will find something of interest for your child.

The instructors and staff are looking forward to being a part of your child's summer experiences. Remember to register early since classes are limited and fill quickly.

We want your child to have fun and stay safe. Because college is an adult environment, our trained staff will supervise your child at all times. Please help your child enjoy our program by following these guidelines:

Register Early

Kids' College registration will be conducted in the Business & Industry office, located in the Industrial Technical Campus, T Building, 2215 N. Kansas. Please call the office 620.417.1170 between the hours of 7:45am – 4:45pm Monday – Friday. **Please notice summer hours starting Monday May 16, 7am – 6pm Monday - Thursday.** Classes are offered on a first-registered, first-paid basis. ***All fees must be paid when registering.*** Fees are \$25 per class.

Drop off and pick up point

All children will gather outside the Student Union 10 minutes before every class. Please do not drop off your child before 7:45 am. SCCC will not have adult supervision until then. Instructors will meet with the students, take them to class, and return with them after class ends. B&I staff

will wait with your children as they are picked up from inside the Student Union. Children will not be allowed to walk to the parking lot without supervision. If you will be late in picking up your child, please call the B&I office at (620) 417-1171 to inform us of your arrival time. If you arrive late, you will find your child in the Student Union. Safety is important to us, and we cannot assume responsibility for your child beyond scheduled class and supervised times.

Safety/Security

Your child's safety is of the utmost importance to us. That is why we never let your child out of the sight of our teachers or staff. We ask that you never leave your child unattended while at SCCC. Please do not ask your child to go to the library or another area to meet you.

Attendance

Students are expected to attend each class in which they are enrolled. They are to be in those classes except during breaks. Parents should notify us in advance if a child will be absent. Class rolls will be taken daily, and parents will be contacted if there is an unaccounted absence.

Student conduct

Our policy requires that disruptive students leave the class. If necessary, we will call a parent to pick up the child immediately. If we ask you not to bring the child back to the class because of disruptive or threatening behavior, you will not receive a refund for the class.

Age-Appropriate

As you look through the schedule, you will see age-appropriate categories. Students must choose classes that include the grade level the child will be entering in the fall of 2022. The courses are designed to be age-specific and coincide with the socialization aspect of the program. Our instructors and administrators request that parents follow the age-appropriate guidelines listed for each class. We reserve the right to reassign your child to a grade appropriate class. Your cooperation is appreciated.

Pizza and Swim Party

On the last day, Kids' College will host a pizza and swim party ONLY for students enrolled in the Kids' College program for that week. The pizza party will begin immediately at 12:15 pm. The swim party follows and will end at 2:00 pm. Please send your child with a towel and swimsuit on Thursday, July 21. Swimsuits must be worn in the pool – no street clothes.

Refunds

A full refund, minus a \$5 processing fee, will be made for registrations canceled on or before Monday, July 11. Refunds cannot be made for cancellations received after July 11.

The College expects all classes to be presented as scheduled. However, a class could be canceled due to low enrollment. A decision about cancellation is made the Thursday before the start date of the class. In the event that a class is canceled, every effort will be made to either place your child in another program of his/her choice or provide a full refund.

**Class sizes are limited.
Register early for best
course selection!**

**PLEASE NOTE:
The SCCC staff leaves
at 12:30pm so
please pick up your
child at 12:15pm.**

Art, Crafts, and Hobbies

Clay Play

Come join us as we create works of art in polymer clay. We will make jewelry pieces and other projects that you can take home and enjoy or give as gifts.

1st – 8th grade | Mackenzie Farmer

Beginner Crochet

Never crocheted before. This beginner crochet class is perfect for you! Learn how to make a potholder and a coaster. You even get to take home the basic knowledge of crochet to continue fun projects at home!

1st – 6th grade | Carol Holmes

Crochet

This class is for beginners and advanced crocheters alike. Learn the basic crochet skills while making your own project. Learn about hooks, yarns, patterns, and much more!

7th – 8th grade | Valerie Classen

Glass Staining

Let's do some glass staining without the glass! Yes, you read right. You will learn to stain glass without the hassle of cutting glass. This class will teach you how to create your own design, paint it, and allow it to cure so you can hang it anywhere.

7th – 8th grade | Karem Gallo

Norwegian Rosemaling

Learn a different way of painting! Rosemaling is Norwegian folk painting. Develop basic strokes and make a couple of pieces to take home!

4th – 6th grade | Rebekah Strand

Writing Poetry is for the Brave

Pain. Beauty. Love. Anger. Despair. Joy. Join this class to explore poetic forms and figurative language. Don't be afraid! You will have help starting your writing and have help along the way. Grow your voice and say what you want to say in a poetic way.

7th – 8th grade | Lori Muntz

Culinary

Breakfast Cooking Basics

Mmm... breakfast! Learn basic cooking options to make breakfast dishes quickly and easily using a stovetop griddle, and microwave. You will learn safety tips when working with food as well as ways to improvise and individualize your cooking techniques!

4th – 6th grade | Jeremy Bernhardt-Purdy

Gourmet Sandwich-making

Take your sandwich making skills to a new level as you learn to make sandwiches from other parts of the world! You will be closely monitored as you safely use various kitchen machines.

7th – 8th grade | Jeremy Bernhardt-Purdy

Snack Time

It's snack time!! Learn how to make all kinds of snacks for after school or just anytime. Learn how to measure, use basic kitchen utensils, and the proper cleanup. After all that, relax and enjoy the goodies you make!

1st – 3rd grade | Jeremy Bernhardt-Purdy

Job Skills

Fire Academy

Ever wonder what it takes to be a fire fighter? Sign up for the Fire Academy and test your skills. We will do search and rescue, hose stream operations, a fire fighter obstacle course, a tour of the fire station and more.

6th – 8th grade | Cody Regier

Who Done It?

Channel your inner Sherlock Holmes as you learn the process of solving a crime hands-on! This class will go over the principles of a crime scene investigation, and collecting processing evidence, interviewing suspects and witnesses to solve a crime!

4th – 8th grade | Susan Neal and Lieutenant Chris Head

Language

Bienvenidos Al Mundo Español / Welcome to the Spanish World

This class is all about learning the world of Spanish. Learn the alphabet, days of the week, months, years, greetings, and so much more! This class is for beginners and advanced speakers alike.

1st – 8th grade | Suzana Garcia

Bonjour!

Bonjour et bienvenue a la classe fracais! Hello and welcome to French class! Come learn about French traditions, culture, food, and language. Crafts and activities will guide your adventure through the francophone countries.

4th – 6th grade | Rebekah Strand

Math, Science, History & Engineering

3D Printing Basics

Explore your creativity by going around campus and finding some fun objects to use for the Tinker CAD to generate 3D models and then print them, using the Makerbot 3D printer.

5th – 8th grade | Manuel Bustillos

Coding Your World

Want to learn to code? Do you like Computers? Do you love solving challenges? This class is an opportunity to do all three! Learn to code your own games and videos. Make characters you build come to life and have a digital dance party!

5th – 8th grade | Bristol Bale

Little House on the Prairie

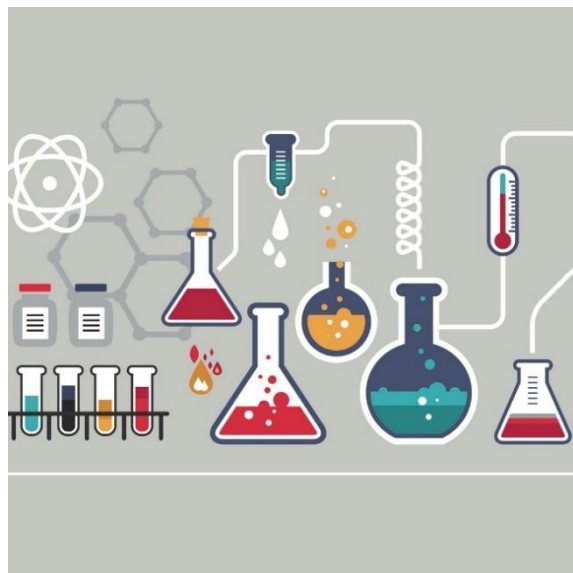

Learn what it was like to live the pioneer life. Come make crafts, do activities, play games, and eat food like they would have almost 150 years ago!

1st – 3rd grade | Rebekah Strand

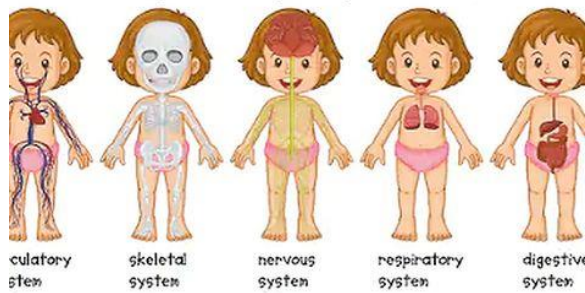

Science Exploration Workshop

Join in on several fun mini workshops. Have fun doing labs that explore different scientific concepts.

7th – 8th grade | Daila Sanchez

My Body Systems

Science of the Human Body

Have you ever wondered how oxygen enters your nose and somehow makes its way to every cell and system of your body? Answer this question and many more as we complete fun science labs and experiments to learn more about how the human body works. We will be exploring the heart, lungs, digestive system, muscles and more!

4th – 8th grade | Amanda Marchino

Positive Vibes & Music

Emojis 101

Sharing emojis to show emotions. Sharing emotions in person can cause

stress. Learn how to identify some of the big emotions and talk about how to share them in healthy ways, all while making stress squishies!

7th – 8th grade | Cara Payton

Keeping Your Zen!

Do you ever need to escape all the noise surrounding you and find a peaceful way to relax? Create your peace and serenity by making your very own Zen Garden! Learn the history of the Zen Garden and how it is meant to calm the mind.

4th – 6th grade | Cara Payton

Music Fun: Singing & Body Movement

Are you wanting to dance and sing, all while using your hands and feet to make music?

In this high energy, hands-on class, you will learn about body percussion: making music by using your body. Learn simple choreography (dance moves) and singing.

1st – 6th grade | Virginia Grant

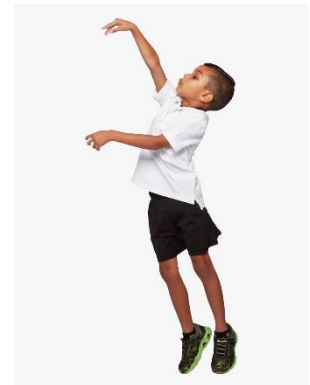

Recreation

Basketball | Skills & Drills

Dribble, shoot, pass and score! Have you ever dreamed of making that game-winning shot? Want to feel the ball leave your hands and hear the swish of the net as it goes through? Join us as we practice and improve the key concepts and skills of basketball!

4th – 8th grade | Amanda Collins
