Program - Nursing

Kaplan Secure Predictor

Outcome: Critical thinking - The student demonstrates critical thinking by utilizing the nursing process while providing care and exhibiting workplace skills as a member in their profession.

Benchmark: 90% of enrolled students will obtain a NCLEX probability success score of 65% or greater on the Kaplan Secure Predictor

Results			
Result	Action	Follow-Up	Action Status
No Results reported.			

Lab skills check offs; classroom tests and quizzes; clinical pre and post conferences; HESI self assessment exam; NCLEX; chart review; article review; process recordings.

Outcome: Demonstrate nursing skills - The nursing graduate will demonstrate optimal critical thinking decision making through clinical application of knowledge gained to real nursing applications.

Benchmark: 1. 80% of enrolled students will obtain a test mastery of 78% average on unit exams including the final exam.

2. 90% of enrolled students will obtain a NCLEX probability success score of 65% or greater on the final Kaplan exit exam.

3. NCLEX pass rate at or above the national mean (first attempt).

Schedule: Start Date: 8/17/2010

End Date: 5/18/2011

Results			
Result	Action	Follow-Up	Action Status
06/12/2015 - 1. 83% of PN (25 of 30) obtained test mastery & 90% of ADNs (26 of 29) 2. No longer a program outcome; We do not use HESI 3. NCLEX-PN pass rate = 90.48%; NCLEX-RN pass rate = 79.17%; Result Type: Benchmark Met			No Action Required
06/18/2014 - 1. PN = 81%; 26 of 32 students obtained test mastery. Benchmark met; ADN = 90% or 26 of 29 students; benchmark met 2. We no longer give the HESI exam and this Benchmark has been removed. 3. PN NCLEX rate = 91% pass rate (National mean = 91%.Benchmark met; ADN pass rate = 86.21% (National mean = 83.04%) Benchmark met; Result Type: Benchmark Met			Action Complete
07/15/2013 - 1. 87% (26 of 30) of PN students 100% (29 of 29) of ADN students obtained a test mastery of 78% average on unit exams including the final. Benchmark met. 2. Benchmark has changed. 80% of enrolled students will obtain a NCLEX Predictor score on the Kaplan exam of 60% or higher. 96% (25 of 26) PN students scored 60% or higher on the Kaplan PN Readiness exam and 55% (16 of 29) ADN students scored 60% or higher on the Kaplan Secure			Action Plan in Progress

Result	Action	Follow-Up	Action Status
Predictor 1 exam. Benchmark not met. Result Type: Benchmark Not Met			
05/30/2012 - 1. This measurement has been deleted as an outcome in nursing. 2. The Hesi exam is no longer being given---delete outcome 2. 3. The NCLEX pass rate for first attempt for PN was 100% and for ADN 96%. Both are above the national mean. Result Type: Benchmark Met			No Action Required
05/23/2011 - 1. 86% of PN graduates and 100% of ADN graduates were employed related to training or pursuing additional education. Benchmarks were met. 2. 96% of PN graduates and 84% of ADN graduates were involved in one or more professional development activities. Outcomes met. Result Type: Benchmark Met			Action Plan in Progress

Indirect

Program - Nursing

Case studies; clinical pre and post conferences; nursing care plans; article reviews; nursing care papers and/or presentations; patient teaching; exams; problem solving during clinical experience; clinical evaluations.

Outcome: Critical thinking - The student demonstrates critical thinking by utilizing the nursing process while providing care and exhibiting workplace skills as a member in their profession.

Benchmark: 1. 80% of enrolled students will obtain a course grade of 78% which includes exams, written assignments, teaching plans, and presentations.
2. 95% of enrolled students will obtain 80% or greater on clinical objectives.
3. 95% of enrolled students will obtain 100% on critical clinical objectives.

Schedule: 8/17/2010 - 5/18/2011

Results			
Result	Action	Follow-Up	Action Status
06/12/2015 - These 3 objectives are no longer measured by the nursing program. Result Type: Inconclusive			No Action Required
06/18/2014 - 1. 26 of 32 students = 81% obtained a 78% in course of PN and ADN was 90% or 26 of 29 students; 2. 100% of PN & ADN students obtained an 80% or greater on clinical objectives; 3. 100 of of PN & ADN students obtained 100% on critical clinical objectives. Result Type: Benchmark Met			Action Complete
07/15/2013 - 1. 87% (26 of 30) PN students and 100% (29 of 29) of ADN students obtained a course grade of 78% or higher. Benchmark met. 2. 100% of enrolled students obtained 100% on critical			Action Complete

clinical objectives of PN and ADN students. Benchmark met. Result Type: Benchmark Met			
05/30/2012 - 1. 88% of PN of enrolled students obtained a course grade of 78% and 97% of ADN graduates. 2. 100% of enrolled student obtained greater than 80% of clinical objective satisfactorily completed in both PN and ADN. 100% of enrolled students obtained 100% of critical clinical objectives Result Type: Benchmark Met			No Action Required
05/23/2011 - 1. 79% of PN and 93% of ADN students obtained a course grade of 78% which includes exams, written assignments, teaching plans, and presentations. One outcome not met, one outcome met. 2. 100% of enrolled PN and ADN students obtained 80% or greater on clinical objectives. Outcome met. 3. 100% of enrolled PN and ADN students obtained 100% on critical clinical objectives. Outcome met. Result Type: Benchmark Met			Action Plan in Progress
12/31/2009 - 2008-09 (most recent data) 1. PN = 77% Outcome not met; ADN = 83% Outcome met. We do use a scoring rubric with the nursing care plans. 2 & 3. PN = 100% Outcome met; ADN = 97% Outcome met. Result Type: Benchmark Met			Action Complete

Lab skills checkoff; pre and post conference; math and medication competency; graduate and employer follow-up; supervised clinical experiences.

Outcome: Practice and knowledge at entry level - The student demonstrates a safe level of practice and knowledge at entry level in meeting the health care needs of clients.

- Benchmark:**
1. On graduate survey question related to program satisfaction, group mean scores of 4.0 or above on a 5.0 scale are achieved (six months post graduation).
 2. Employer perceptions of graduate clinical performance are compatible with minimal competency standards as measured by accomplishment of program objectives after six months of PN or RN practice (group mean of 3.0 or above on a 5.0 scale.)
 3. 100% of the enrolled students will pass 100% of nursing skills labs.
 4. 100% of the enrolled students will score 90% or better on each math competency exam.
 5. 70% of students satisfactorily complete the program (degree or certificate) within 150% of the normal completion time for the program.

Schedule: 8/17/2010 - 5/18/2011

Results			
Result	Action	Follow-Up	Action Status
06/12/2015 - 1. Graduate survey (6 month) PN=4.38 satisfaction and ADN = 4.87 2. Employer survey satisfaction PN = 4.55 and ADN = 4.53; 3. 100% of enrolled student passed skills lab;			Action Complete

Results			
Result	Action	Follow-Up	Action Status
<p>4.100% score 90% or greater on the math competency exam; For 2014-15: 5. 25 of 30 PN's graduated = 88% and ADN had 26 of 29 graduate for 90% graduation rate;</p> <p>Result Type: Benchmark Met</p>			
<p>07/15/2013 - 1. PN graduate ranked the program 4.72 and ADN as 4.86 (on a 5.0 scale) regarding satisfaction with their nursing education. Benchmark met. 2. Employers ranked the nursing program as 4.125 for the PN program and 4.28 for the ADN program on a 5.0 scale for clinical performance. Benchmark met. 3. 100% of enrolled students passed 100% of nursing skills labs. Benchmark met. 4. 100% of enrolled students score 90% or better on each math competency exam. Benchmark met. 5. 96% (26 of 27) PN graduates and 97% (28 of 29) ADN graduates completed the program within 150% of the normal completion time. Benchmark met.</p> <p>Result Type: Benchmark Met</p>			Action Complete
<p>05/30/2012 - 1. PN graduate survey results for program satisfaction were 4.73 and ADN 4.33 six months post graduation. 2. Employer perceptions 6 months after employment were PN 3.5 and ADN 4.22. 3. 100% of enrolled students passed 100% of nursing skills lab. 4. 100% of enrolled students passed the math competency with 90% or better. 5. 96% of PN graduates and 100% of ADN graduates were employed related to training or pursuing additional education.</p> <p>Result Type: Benchmark Met</p>			No Action Required
<p>05/23/2011 - 1. Program satisfaction for PN graduates was 4.47 and for ADN graduates was 4.14. Outcomes met. 2. Employer perception for PN graduates was 4.44 and for ADN graduates was 3.68. Outcomes met. 3. 100% of PN and ADN students passed nursing skills labs. Outcomes met. 4. 100% of PN and ADN students scored 90% or better on each math competency exam. Outcomes met. 5. 84% of PN and 96% of ADN students satisfactorily completed the program (certificate of degree) within 150% of the normal completion time for the program for 2009-10 school year. Both outcomes met.</p> <p>Result Type: Benchmark Met</p>			Action Plan in Progress
<p>12/31/2009 - 2008-09 (most recent data)</p> <p>1. PN = 4.67 Outcome met; ADN = 4.22 Outcome met. 2. PN = 4.09 Outcome met; ADN = 4.18 Outcome met. 3. PN = 100% Outcome met; ADN = 100% Outcome met. 4. PN = 100% Outcome met; ADN = 97% Outcome not met. 5. PN = 77% Outcome met; ADN = 89% Outcome met.</p> <p>Result Type: Benchmark Met</p>			Action Complete

Graduate and employer survey

Outcome: Technology - The student utilizes current technology relevant to the nursing profession.

Benchmark: 1. 70% of graduates will be employed related to training or pursuing additional education.

2. At least 80% of graduates are involved in one or more professional development activities, ie, academic study in a nursing-related area, journal subscription, professional organization membership, continuing education.

Schedule: Schedule Start Date: 8/17/2010

Schedule End Date:5/18/2011

Results			
Result	Action	Follow-Up	Action Status
06/30/2014 - 1. 100% of PN grads are employed in field (25 of 25) or pursuing additional education and 96% of ADN grads (26 of 27); Goal met 2. 25 of 25 = 100% (goal met)re continuing education or involved in professional development activities and 13 of 27% = 48% of ADN grads. Goal not met Result Type: Benchmark Not Met	06/30/2014 - Increase discussion of professional development in Client Care Nursing class and Integration Seminar class; provide inexpensive journal subscription opportunities for ADN grads. Emphasize to PN class in Role Development class; Ask professional organization to attend a SNA meeting; Emphasize professional development activities in SNA;	06/10/2016 - Encourage students to participate in professional development activities. Encourage during Client Care Nursing course and Role Development for the PN. Be sure students are reporting the required continuing ed.	Action Plan in Progress
07/15/2013 - 1. Employment related to training for 2011-12: PN = 96% (25 of 26), ADN=93% (27 of 29) Benchmark met. 2. Professional Development activities: PN = 100% (26 of 26) and ADN = 64% (18 of 28) !st benchmark met, 2nd not met; We will emphasize the importance of professional development during the curriculum for ADN students Result Type: Directional Improvement			Action Plan in Progress
05/23/2011 - 1. 79% of PN student and 93% of ADN students obtained a test mastery of 78% on unit exams including the final. One outcome not met, one outcome met. 2. 52% of ADN students passed the Kaplan NCLEX predictor with a score of 65 or greater. 3. 100% of PN graduates passed the NCLEX-PN above the national mean of 87.05%and 88.89% of the ADN graduates passed the NCLEX-RN above the national mean of 87.41%. Result Type: Benchmark Not Met	05/23/2011 - 1. Continue to monitor 2. Advisors will monitor more closely and have unit exams before early alert status. Students will complete the test-taking strategies on the Kaplan Integrated testing. Increased utilization of Kaplan integrated testing and monitoring of remediation time and results. Areas of weaknesses identified will be discussed with the student. Simulation laboratory time will be increased.		Action Plan in Progress
07/06/2010 - Use of current technology (heart monitors, IV pumps, etc.) is vital in providing nursing care in today's world. Data from graduate and employer surveys is used to identify strengths and weaknesses in this area. 2008-09 (most recent data) 1. PN = 94% Outcome met; ADN = 100% Outcome met. 2. PN = 89% Outcome met; ADN = 81% Outcome met. Result Type: Benchmark Met			Action Complete
